The O'Conner Appeal will be heard in Oregon City on July 29th. The CPO will be represented at the hearing expressing our vote supporting the county position.

Unfinished business

Clackamas County issued proposed amendments to all sections of the ZDO to incorporate more sustainable development practices. There was nothing new to report about the proposed amendments from the last meeting.

New Business

Nominations are open for CPO board members. The election will be held in September. The Secretary will submit this announcement to The Mountain Times.

There is a new format for land use decisions. The information is the same. Dave Fulton displayed examples of the old and new formats.

Gary Barth and Dan Green will present at the August meeting.

CPO members discussed county plans for forest lands. Several concerns were raised about Clackamas County's plan to clear cut and sell timber lands in our area. CPO members want significant input concerning the lands in our backyard. If the lands are sold, they should be sold to another public entity. When the county sold North Mountain to a private entity, the land was turned into a dump.

It was suggested that, if the county sell that land, new timber land should be purchased. That money is supposed to be earmarked to fund parks. If timber lands are sold, there will be no funding source for parks.

The Meeting was adjourned at 8:29pm

Respectfully submitted,

Janine Bertram,
Secretary
