Subject: requirements for BOD candidacy

I would suggest that we should not try to deliberate on this over email.

We have been dug into a "hole" and must get ourselves out.
(the first rule of finding yourself in a hole is "stop digging" ;-)

I believe that we need to discuss, at the next BOD meeting, what we should do in order

- to reach out to the community and
- retain (gain?) the trust and respect of the community to enlist qualified people for the BOD and for projects.

Fortunately, we have a bit of time to discuss/resolve things.

We potentially have a number of options from

- moving the Town Hall a month,
- having extra BOD meetings in April/May,
- deciding that "2 meetings" is sufficient and gaining BCC dispensation to do that while we amend the bylaws (after all, we are *only* an advisory board to them)
- etc.

I suggest that we, as a team, all put on our thinking hats about what
"makes sense and works"
for our community.

Susan
